Jeff – FYI – Dean sent the letter to the Chairman a little earlier today. Let us know when you decide to respond to the press inquiry. Thanks

Subject: Modified CWA Compliance Plan

Dear Chairman Wiggins: On behalf of Ms. Tinka Hyde, Water Division Director, I am emailing you the attached letter approving your request to extend the final compliance date for treatment plant upgrades and process controls at the Bad River WWTP. I am also attaching the Modified Compliance Plan to resolve Clean Water Act (CWA) violations at the Bad River waste water treatment facilities.

EPA looks forward to working with you to ensure that the WWTP and stabilization lagoon facilities are operated and maintained in accordance with CWA requirements. If you or your staff have questions concerning the Modified Compliance Plan, please feel free to contact me via email or at (312) 353-2098. Legal inquiries should be directed to Barbara Wester, Associate Regional Counsel, at (312)353-8514.

If you could please confirm that you received this message and the attachments that would be greatly appreciated. The original letter and Modified Compliance Plan will be mailed out to you this week.

Sincerely,

Dean Maraldo
